

# TERRIBLE FALL.

Balloonist Hope's Parachute Falls to Work.

He Drops to Instant Death a Distance of Half a Mile.

He Lands in a Slog with Such Velocity That He Was Driven Twelve Feet Into the Mud—The Body Was Not Recovered For How Long.

ST. PAUL, Minn., Aug. 1.—A thrill of horror ran through the great crowd which gathered at Inver Grove last Sunday afternoon to witness the balloon ascension, when Prof. Edward Hope dropped half a mile into the water. His body inflated balloon had gone up a little more than half a mile when it began to descend, and a west wind sent it flying toward the Mississippi river. Hope became alarmed and dropping himself over the edge of the basket, the parachute away started downward. Owing to some defect in the machinery the parachute failed to spread and the professor came down with awful velocity. He landed on his feet in a slog with such velocity that he was driven twelve feet into the mud. His body was not recovered for an hour.

## SNOWDEN'S STATEMENT.

The *Minneapolis General* says I was suspended by the *Minneapolis* Without His Knowledge or Consent.

NEW YORK, Aug. 1.—The Herald Saturday morning prints the following letter from Gen. Snowden:

HOMESTEAD, Pa., July 27. To the editor of the Herald: In view of your letter of the 26th inst., I write to say that Private I was suspended by the thumbs without my knowledge or consent.

I have had no occasion, officially, to approve or disapprove it, and I have not done so. A report of the circumstances after they occurred, was made to me and I was asked if the discharge would be made of the man, when I ordered: "Discharge him from the service in disgrace, drum him out of camp and send him home."

You will observe that the manner of sending him out, outside of drumming him out, is not prescribed. I have authority summarily to discharge enlisted men, but no disqualification follows.

Sober-minded people will remember that the punishment inflicted was in the face of revolutionary treason and anarchy. Very respectfully,

GEORGE R. SNOWDEN.

## Infant Murder Mystery.

INDIANAPOLIS, Ind., Aug. 1.—A few minutes after 1 o'clock Saturday morning the dead body of a three-month-old baby was found lying by the Cincinnati, Hamilton & Indianapolis railroad track at Adams street, near the center of the city. The baby had evidently been thrown from the outgoing fast train, which had passed there a few minutes before the discovery was made, and it had received other bruises. The baby was finely dressed. It was taken to the morgue, where it is now awaiting dissection. The police are working on the case.

## Toledo Electric Co. Fire.

TOLEDO, O., Aug. 1.—Saturday morning the plant and building of the Toledo Electric Co., was destroyed by fire, originating, it is supposed, from defective insulation of a wire. The total loss on building and machinery is \$75,000, with \$25,000 insurance. It is assumed the company has the contract for lighting the streets of over half the city. The company will rebuild at once.

## The Shortage Grows.

INDIANAPOLIS, Ind., Aug. 1.—The Iron Ball membership scandal grows in its sensational developments. F. D. Somberly, supreme justice, is either not in the city or not in the mood to be interviewed. It is said that he has withdrawn from Indianapolis depositories in the last few months \$50,000 of funds belonging to the Iron Ball, and has taken them to Philadelphia bank, in which he is interested.

## Canada's Back Up.

TORONTO, Ont., Aug. 1.—The Montreal correspondent of the Mail says he has been informed on high authority that in view of the relations of the people adopted by the United States the Canadian government will take steps to allay the rebate system and to make a uniform toll or do away with tolls altogether.

## Hits the Head of the Ticket.

DENVER, Aug. 1.—The Rocky Mountain News bats the new ticket of the people's party state ticket selected by the district convention. It says editorially that David H. Waite, the nominee on Thursday, is a man who is not possessed of the qualities to make him a safe governor to be elected.

## Japanese Assassins Felled.

YOKAHAMA, Aug. 1.—An attempt was made Saturday to assassinate Count Okuma, the leader of the Japanese cabinet, and Viscount Kono Tokana, the minister of justice in the Japanese cabinet. The plan of the assassins miscarried, however, and they failed to effect their murderous design.

## Frank Almy Must Hang.

CONCORD, N. H., Aug. 1.—The supreme court rendered a decision sustaining the constitutionality of the law under which Frank Almy, the murderer of Christie Warden, was sentenced to be hanged, and denied the motion of his counsel for a new trial.

## An American Killed by an Avalanche.

GOYPOY, Aug. 1.—A dispatch received in this city from Interlaken, Switzerland, says that J. Ribbons, of "Springfield," America, while crossing the Jungfrau glacier, was struck by an avalanche and instantly killed.

## Famous German Educator Dead.

OTTAWA, Ill., Aug. 1.—Prof. Charles Riddlemyer, A. M. Ph. D., one of the foremost educators of the United States, died at his residence at Kankakee, Ill., at the age of twenty-five years, after a long illness.

THE HAFRI SON HAI

IN HOC SIGNO VINCES.

A Word to Republicans.

The hope of the party lies in the expansion of a substantial Republicanism. The Republic which reads, or otherwise helps to support a Democratic paper to the exclusion of its own party newspapers is untrue to the Republican cause.

Unanimously subscribed by the National Republican League.

J. S. CLARKSON, President  
A. B. HUMPHREY, Secretary

A balance of trade in our favor means a balance of profits in the pockets of our people.

It means that it credits instead of debits, that for foreign Nations owe us money or goods instead of our country being in debt to foreign Nations.

Free-trade "professors" pretend to sneer at a balance of trade and say it represents no wealth.

Yet those very Free-trade "professors" would far rather sell their text-books to English students and get back good British gold in return than use up their salaries in buying English books without selling anything of their own.

A balance of trade is an index of a country's business, of its purchases and sales, of its profits or losses.

If it be profitable for an individual to sell more than he buys and thus have a balance of money—virtually a private balance of trade—in his favor, why is it not just as profitable for a Nation?

A balance of trade may be paid in money, or in goods or services, or in some mode of payment inure to the profit of the country in whose favor the balance exists.

If the payment be in goods or services, then the debtor Nation must bestir itself to send these goods, whether of its own or of foreign production, or perform those services. As a consequence, we get more goods for less money than we would get were there no favorable balance.

The beneficial effect of a payment in cash need not be explained. Money, it is true, is not consumable, it cannot be eaten or worn, but it has a far more important function. Money is the life of trade. Where money is plenty business is active and enterprise awake. Where money is "tight" industry stagnates.

So our country should welcome a favorable balance of trade, and it should welcome the American policy of Protection, the only policy that has given us a favorable balance in the past or will give it in the future.

This tendency of the Democrats to go so the people with false promises is shown in the decisions to delay the passage of the free lumber and free iron ore bills until after election, because of the danger their passage would cause the party in North Carolina, Alabama and Tennessee. The same disposition is shown on the subject of free silver. Their plank is a straddle, their candidate a "gold bug," who would veto even a moderate measure for the use of silver as currency, and yet their party in Congress is only waiting "until after election" to pass a wide-open free coinage measure. They hope by this course to fraudulently gain the confidence of men of all beliefs. Instead of that they will lose the confidence of all.

## ALICE IS INSANE.

So Declares the Jury—She Smiles When She Hears the Verdict—The Sister of the Murdered Girl Robs Aloud.

Memphis, Tenn., Aug. 1.—Alice Mitchell is insane. That is the verdict brought by the jury after five minutes' deliberation. Judge DuBois began reading his charge to the jury Saturday morning at 10 o'clock.

Alice sat in her chair paying little attention to the remarks of the judge, who all through the trial has made both sides stick close to the facts. He mildly exhortated the experts and intimated that any one could even call a self insane if enough expert physicians were brought in to swear.

He left it to the jury to contemplate Miss Mitchell's present condition, after being out five minutes, the jury returned and informed the court that they had agreed. The verdict was then read. It was: "We, the jury, find Alice Mitchell to be insane on her plea of present insanity, and we think it unsafe unless she be confined in an asylum."

The tears ran down her father's cheeks.

Alice smiled.

The inmate asylum has no terrors for her. A sob was heard in the far end of the court room. It was Jo Ward, sister of the murdered girl, who was weeping.

Alice will be taken to the asylum at Bolivar, Tenn., next week.

By her way back to the jail she chattered with her relatives and seemed to be in a splendid humor, free from any care and regardless of her future. Little Johnson, her alleged accomplice, will probably never be tried. It is said she will die of consumption in a few months.

ANOTHER SERPENT MOUND.

Peabody Museum's Valuable Discovery Near Ft. Ancient, O.

LEXINGTON, O., Aug. 1.—A very important archaeological discovery has been made in Hamilton township. It has been known for a long time that there were evidences of Mound Builders' mounds on the old Stubbs farm, but from the peculiar location and varied characters of the fields they were not identified until Dr. S. S. Scoville discovered that they were part of a single earthwork, a serpent mound. Prof. Putnam, of the Peabody museum, has verified the discovery and pronounces it one of the greatest of American antiquities. Dr. Metz, of the Peabody Museum and World's exposition, has surveyed it, and with Prof. Putnam is making explorations in it. The mound is nineteen hundred feet long and about ten feet through. The famous Adams county serpent is much smaller, and was supposed to be the only one in existence. The new find is seven miles below Ft. Ancient, in a rich archaeological district.

A FIENDISH TRAMP.

Forces a Small Boy to Swallow a Fatal Dose of Poison.

CLARKSVILLE, Tenn., Aug. 1.—A tramp committed a fiendish assault on boy named Gus Green, near Turnersville, a day or two ago, news of which has just been received. Young Green, who is only 12, was walking to his country for their country's good and slipped out of the fence corner and presented a pistol, telling him if he made any noise he would kill him.

The tramp then took a powder wrapped in paper from a bag he carried over his shoulder, and pointing his pistol at Green, made him swallow it. Green became sick soon afterward, and Dr. J. W. Dunn was called, who pronounced it poison. The boy continues passed fits, screaming, heaving and frothing at the mouth, and will die. No cause is assigned for the deed.

WANDERED FOR YEARS.

And Then Gave Himself Up for Trial for Murder—A Strange Case.

NASHVILLE, Tenn., Aug. 1.—A special from Clarksville, Ga., says, a very sensational sequel to a killing which occurred in this county in 1883 came to light Saturday. The facts are these: On the night of November 7, 1883, one of the bloodiest tragedies ever enacted in Bartow county occurred in the village of Adairsville. On that day previous a strolling troupe of players advertised their appearance at the little town and gave one performance.

Platter and S. M. Sarge, of the troupe quarreled and the former was killed. Sarge was jailed but afterwards escaped and had been wandering through the country a fugitive from justice till Saturday when he came into town of his own accord and gave himself up.

## Notice to Farmers!

At a meeting of the grain merchants and millers of Mayville, held on June 24th, 1892, the subject of cleaning wheat by farmers was introduced and fully discussed, and the following resolutions and resolutions were adopted:

That whereas, in former years, owing to the superior quality and cleanliness of the wheat of this county, it enjoyed a reputation second to no other section of the country and was much sought after, but in recent years, owing to the imperfect cleaning of wheat by farmers, it has suffered very materially in grading in the general markets in comparison with wheat from other states, resulting in an inconsiderable loss to the farmers, and many of the former large wheat customers who had been buying from the farmers, have been diverted to other markets; therefore, be it

Resolved, That it be the duty of the millers of this county to make it incumbent upon them that they must insist upon them having their wheat cleaned to the benefit of the farmers; otherwise prices will be made accordingly.

That at least 95 per cent of the wheat of the farmers, that wheat to grade No. 2 must be at least 95 per cent to the bushel, thoroughly clean and dry, free from smut and other impurities; and that wheat in grade No. 3 must weigh at least 50 pounds to the bushel, and be clean and dry, and may have an occasional smut ball, but free from stain. Wheat not up to the above grades will be classed as rejected.

# THE MAFIA.

Chief Gaster, of the New Orleans Police Force, Receives a Startling Letter From a Supposed Mafiaist.

Asking a Ransom For Judge Marr, Who Disappeared Last April—The Judge Will Be Freed for \$100,000 Dollars—It Is Not Credited.

NEW ORLEANS, Aug. 1.—Chief of Police Gaster received a letter from what is supposed to be the mafia.

The letter was inclosed in an old envelope, with a skull and crossbones on it. It was sent from the New Orleans post office, and an air of mystery hangs about it.

The writer is not known, but investigations will be set on foot to find him, and matters will be pushed until he is discovered. Nunez appears to live in New Orleans, and to have come from St. Louis. Following is the letter:

NEW ORLEANS, July 29, 1921.  
To Chief of Police, New Orleans.  
Sir—We have in our possession Judge Marr, who will deliver him in your hands for \$100,000 dollars. We will send you his clothes, etc., such as we found on his person last year in prison. This money must reach you, his body will be found with shot, then sent you in a box. You must have his right ear. For further information send general delivery. Post office, Chicago, St. Louis or New Orleans. Respectfully,  
J. J. Nunez.

It will be remembered that Judge Marr, of the criminal district court, in this city, mysteriously disappeared last April. He was old and feeble, and was last seen walking along the levee. The impression of his friends was that he had fallen into the river and was drowned, and that impression still prevails.

## THE GREAT DISCOVERER.

Pope Leo Indites a Letter to the Bishops of Spain, Italy and the Americas.

ROME, Aug. 1.—Pope Leo XIII. has indited a lengthy document to the bishops of Spain, Italy and the Americas, paying full meed of praise to Christopher Columbus, the discoverer of America, and to Ferdinand and Isabella, who lent aid to his purpose. In the document he dwells upon the holy influence of the Catholic church, and the great event. He ends his letter as follows:

"In order to celebrate worthily, and in a manner suitable to the truth of the facts, the solemn anniversary of Columbus, the sacredness of religion must be united to the splendor of the civil pomp. This is why, as previously, at the first announcement of the event, public actions of grace were rendered to the providence of the immortal God, upon the example which the supreme pontiff gave, the pontiff, in celebrating the recollection of the auspicious event. We esteem that we must do as much.

We decree to this effect, that the day of October 12, or the following Sunday, if the respective diocesan bishops judge it more expedient, after the office of the day, the solemn mass of the very holy trinity shall be celebrated in the cathedral and principal churches of Spain, Italy and the two Americas. In addition to these countries, we hope that upon the initiative of the bishops, and in the cities, and in the others, for it is fitting that all should concur in celebrating, with piety and gratitude, an event which has been profitable to all.

"In the meanwhile, as a pledge of the celestial favors and in testimony of our fraternal good will we affectionately accord in the Lord the apostolic benediction to you, venerable brothers, to your clergy and to your people."

## A Word in Favor of the Iron Hall.

BOSTON, Aug. 1.—The Globe Monday published an interview with Joseph J. Giles on the subject of a reversion for the Order of the Iron Hall. Mr. Giles was a representative in the legislature from Somerville during two sessions and served upon the insurance committee. He claims that disinterested endorsement of the Iron Hall opportunity upon the Iron Hall. He criticized Insurance Commissioner Merrill for allowing forty-two of those day-by-night gamblers to conduct a business in this state. He said there was no opportunity in the Order of the Iron Hall for protracted malfeasance of officers, and he declared that he would not take \$995 for his present claim of \$1,000 upon the order.

## Six Boys Drowned.

LOUISVILLE, Ky., Aug. 1.—Near Winchester, Sunday, six boys were drowned in the Kentucky river by the overturning of a skiff. Their names are: Kelley Farney, aged fifteen; Claude Farney, thirteen; Walter Farney, eleven; Chas. Farney, nine; Algin Brock, sixteen; Winer Brock, twelve. The Farney boys were the sons of James I. Farney, and the Brock boys, the sons of Henry Brock. The boys were bathing in the river, climbing in and out of the boat, and were thrown into a panic by the overturning with some of the smaller boys.

## Democratic Headquarters.

ASBURY PARK, N. J., Aug. 1.—The democratic national committee, under the leadership of William Howard Taft, held its weekly session at the Asbury Park hotel this week. Senator Joseph P. Kamp, of Philadelphia, has secured rooms to stay at the Asbury Park hotel, and has been elected to the position of chairman of the committee.

## A Young Negro Lynched.

NASHVILLE, Tenn., Aug. 1.—A young Negro named Louis Sanders was lynched in Weekly county on an attempted rape upon the person of Martha Stephenson, a ten-year-old daughter of Mack Stephenson, a well known and highly respected farmer of that locality.

## Chairman Frick Well.

PITTSBURGH, Aug. 1.—Information from the residence of Mr. H. C. Frick late Sunday night is that the victim of the attempted assassination is now greatly well, and is expected to be discharged from the hospital in a few days. Mr. Frick was out of his bed, dressed and moving about in his room.

## LIGHTNING'S FREAKS

Furled a Colored Man's Limbs While Photographed the scene on his Breast.

PHOTOGRAPHED the scene on his breast, a colored man, a bolt of lightning phenomenon in connection with the deaths of the negroes, William Cassell and Solomon Richardson, in High and park, from a bolt of lightning.

That the foliage of the trees under which they sought shelter was photographed on the breast of one of the victims. The men were killed instantly. When the clothing was removed from Cassell's body an astounding sight met the eyes of the undertakers. Across Cassell's broad breast was a picture true to nature. The browned oak leaf of autumn was there. Twining about the leaves were a number of ferns. These, too, with the exception that they, like the oak leaves, were brown, were as natural as their model. So exact were the leaves and ferns that even the minutest vein was discernible. It was as if when the men were killed. At a stroke the foliage of the trees began to fade. Slowly the dark brown gave way to a purple color. After the fading process had been completed, the foliage remained. There was another curious thing about Cassell. When his trousers were removed his lower limbs were found to be as white as the rest of his body. He kept this color. This is a greater mystery than the photographic freak.

## EXCURSION TRAINS MEET.

One Line Crushed Out—Two Others May Die, and a Number Injured.

MILWAUKEE, Wis., Aug. 1.—The second section of Train No. 31 on the Chicago and North Western railway, having an excursion party from the Union stock yards, Chicago, ran into the first section in the Union station here Sunday forenoon. No one on the first section was injured, but two empty passenger coaches were telescoped. The men in the first coach of the second section, which was a combination baggage, smoking car, were injured. One died soon afterwards. Two others were not live. All were quietly removed to the Emergency hospital. Otto Fabian, single, aged 31, Chicago, died at 1:15 p.m. Joseph (Bill) single, Chicago, serious internal injuries and leg broken. Charles Dear, single, Chicago, left leg broken, serious internal injuries. Edmund Earl, single, Chicago, right arm, broken and right hand crushed. Matt Comiskey, single, Chicago, left leg broken in two places. James Stewart, single, Chicago, right arm and right leg broken. Dennis Hagerty, single, Chicago, right leg broken. Joseph Bartholomew, single, Chicago, slight flesh wound. H. C. Mosier, married, Chicago, left leg broken.

## THE IRON HALL.

Somewhat, the Iron of the Order, to be Presented.

INDIANAPOLIS, Aug. 1.—The fact that Somerby started west from Philadelphia Sunday morning, and had not arrived in Indianapolis up to Sunday night, has determined the plaintiffs in the reversionary suit, to institute criminal proceedings against him early in the morning. An affidavit was filed charging him with perverting \$50,000 of the funds of the order to his own use in 1921, and fraudulently transferring large sums from Indianapolis to his bank in Philadelphia, and asking for a warrant for his arrest. The charge against Somerby will be perversion of the funds of the order. This is the same charge as that in the complaint. Somerby has been expected all day, but when the last train from the east arrived Sunday night without him, the attorneys began to think he is seeking to evade the officers of the court. Detectives will be employed to locate and arrest him.

## FANCIFUL THEORIES.

The Lick Telescope Shows the Supposed Cause on Mars to Be Nothing But Fanciful.

LOCK OBSERVATORY, Cal., Aug. 1.—The giant telescope presented to the University of California by James Lick is making a record for itself during the present opposition of Mars. For the first time observations of a most valuable character have been obtained by the Lick. The astronomers and the new approach of the planet and its consequent brilliancy and size at the time have enabled observers to utilize the full powers of the instrument, with most interesting results. Drawings by all the astronomers exhibit numerous changes in its principal characteristics since the celebrated sketch made by the Milanese astronomer, Schiaparelli. Many of his almost fanciful details are shown to have no existence in reality. Some of the so-called "canals" are "chud" or "geminated," as he depicted them.

## Somerby's Discharge.

WASHINGTON, Aug. 1.—Col. Charles Heywood, commanding United States marine corps, has addressed a letter to Mr. John Philip S. Sousa, the leader of the United States marine band, granting, at the latter's request, his discharge from the corps.

## Ohio's Fish Exhibit.

COLUMBUS, O., Aug. 1.—The contract for arranging the Ohio fish exhibit at the World's fair has been let to Charles Drury, the taxidermist of the Cuyahoga club, Cincinnati.
